Crop Update

On the afternoon of Friday the 13th December, Rens & all his helpers along with the HNS crew headed out to the lease to just do a lap to see how things went ... the test lap went well so they carried on until about 11pm. Saturday morning they headed out again to carry on and start the demo harvest day, unfortunately not long after lunch arrived a harvest ban came into affect delaying the harvest until later that afternoon - another late night by all involved saw the crop harvested in full. From all reports this years crop was exceptional with a massive 334 tonnes of barley being harvested of which almost 80% was malt.

The Football Club would like to sincerely thank everyone who has helped this year with our Barley Crop, you are greatly appreciated! Special thanks to the following 'CropStars' Rens & Eggy for their hardwork, as well as Rohan Crombie, Rens and Bruce Talbot for spraying, Luke Hickey for the use of his rock picker and the people who went rock picking, Darian Smith from CSBP for organising the Urea and Trunky for delivering the urea & Luke Parsons for spreading the Urea, Darian for also organising the compound fertiliser and delivered it using Rohan's truck, Afgri Narembreen for seeding our crop and anyone who took a turn operating the seeding equipment, Chris & Annie for the cropping land, HNS for Harvesting our crop and anyone who took a turn operating the harvesting equipment, Woolley for the chaser bin and the chaser bin drivers (including up & coming tiger Kieran Talbot) and The Hewett's, The Evans's, Cunderdin Transport, The Talbot's and both Rendell families for delivering the grain, Rens for the use of his screen plants and service trailer and last but not least 2Bob for doing 2Bobs things.

Thank You for coming out and
showcasing the Case IH 8250
Harvester & MacDon D250

A massive shout out to our
Crop Lease
Co-ordinator Extraordinaire,

Adam Rendell

Adam is **ALWAYS** thinking about our crop and how to ensure we achieve the best possible outcome and his efforts are all for the major benefit of the club, his commitment is unwavering.

Adam finds volunteers, makes numerous phone calls, organises spraying, chemicals, fertiliser, keeps track of everything and co-ordinates the whole program. He provides updates, photos and amazing drone footage - we are incredibly lucky to have your expertise & dedication.
